### FEATURE ARTIST ANNOUNCED

We are delighted to announce that Carolyn V Watson will be our feature artist for the 2018 Marymount Art Show.

#### ARTIST STATEMENT

My role as an artist is to create work that inverts the familiar. I am a visual artist who is stimulated by the potency of the tactile and the handmade. I work with what nature provides. With these past vessels, I reconstruct new forms, develop and adapt their histories and accept the parasitic quality of my role. As I have matured as a visual artist I have grown to respect the wealth of significance that materiality plays within my practice. ### MAJOR FUNDRAISER FOR 2018

**The Art Show is the major fundraiser for 2018 for Marymount Primary and College.**

Funds raised are shared between the P&F Associations of both schools and are used on projects that directly benefit our students, such as shade and seating, and to support students who are representing the school in sporting and academic pursuits.

We are looking for parents to support this event in the following ways:

- **Volunteer to assist on the weekend of the Art Show.** Visit <http://signup.com/go/fchseQa> to sign up for a shift
- **Bake items for the cafe.** A list of suggested items will be available closer to the date, and can be dropped off on the Friday or over the weekend.

### ARTIST BIOGRAPHY

Carolyn V Watson was born in regional NSW in late 70's and is the youngest of four siblings. A childhood lost in drawings as she tried to comprehend the contradictory actions of the adults that surrounded her.

From 1996 to 1998 she attended Griffith Queensland College of Art Majoring in Painting and Life Drawing. In 2006 she recommenced her artistic career and resumed exhibiting in small solo shows throughout Brisbane. Selected as a Finalist in 2008 for the Prometheus Visual Art Awards, it was at this exhibition that she secured representation with Anthea Polson Art.

Under the Gallery's encouragement and guidance Carolyn's practice has flourished and has gained national recognition for both her 2D and 3D work. In recent years her practice has taken her to regional galleries as a feature artist, and to a number of educational institutions as an Artist in Residence.

Carolyn's work has become part of major collections throughout Australia, Hong Kong and Munich and has been recognised with awards for her object based forms and large scale drawings.

In 2018 will be showing for the first time in Hobart
