Carnival Appreciation
Teachers are remarkable people who love their work, in, and beyond the classroom. Ms Seigle-Buyat’s email (above) reflects appreciation expressed by many parents and we thank parents, Rebecca and Damien, who, like many parents, send messages of appreciation.

We recently joined your Marymount students and staff for the All Schools Oztag Competition in Caloundra. We just had to let you know that the students and staff were a credit to the College both on and off the field. They displayed great sportsmanship and maturity in winning and in defeat.

Collectively, your staffing team from Marymount made the weekend the huge success it was. Please pass on our thanks and appreciation to these incredible teachers for their endless encouragement and support of the students during the event along with all the hours of early morning training they conducted in the lead up to competition. They wore many hats over the weekend - managers, coaches, bus drivers, first aid attendants, and, in the case of Ellie Davis, counsellor and mother hen to some very tired and emotional young girls. Matt Geyer in particular was amazing, literally running from game to game to give his invaluable advice to the teams. Great job and well done to all!

Sayanara
Our visitors from Yuhigaika Gakuen in Koko, Osaka return home tomorrow. Thank you to our College and Primary School families who hosted the students. They certainly appreciated the hospitality, their time on the Gold Coast and the opportunity to practice and improve their English. Our students will visit Yuhigaika Gakuen as part of their exchange visit 25 September to 8 October with Ms Aki and Mr O’Shea.

Qld State Championships for Robotics
Congratulations to Kylie Mathers and her Year 9 ICT students who competed in the QLD State Championships for Robotics last Sunday at University of Queensland. Marymount entered four teams into the competition and one team made it through to the Finals and finished 4th - 0.5 percent behind 3rd place.

Year Six Science Visitors
The College was delighted to host Year Six students from St Vincent’s, St Augustine’s and Marymount Primary School on Friday last week to see the Year 8 and 9 Science Night Display, as the College celebration of National Science Week continued. We enjoy giving many of our future Year seven students a small taste of the excellent opportunities available to Marymount students. They appreciate the visit as well.

Thanks so much for looking after our Year 6 teachers and children this morning. The feedback was really positive, and all enjoyed the excursion, experiments and tour. Please pass on our thanks to your teachers. Our teachers were delighted that some (of their) ex-students popped out of class to see them too. Many children commented on the great assignments and interesting science topics. They were very impressed with the facilities too, commenting on the lovely new buildings and resources. Many thanks, Lynne.

Two Fine Marymount Graduates
Our School Captain from 2003, Ryan Cooke, returned to the College on Thursday to speak to our Year 8 students and a senior Physics class. Ryan has been working as an astrophysicist for NASA. Ryan was invited to speak to the Year Eight students by Ms Mallory Lowe, our Assistant Head of English, another outstanding Marymount 2003 graduate.

ASSISTANT PRINCIPAL SENIOR CURRICULUM

Set Plans
It was a pleasure to see the significant involvement of parents and students in the SET Plan process this week, as part of the overall subject selection process for the Year 11 cohort of 2017. This was our first attempt at the completely online system and it appears to have been run very smoothly.

We continue to support the notion that this is a three way partnership between parent, student and teacher; whereby through supporting each other we can be assured the students will make wise subject choices and commence their eventual transition through Senior secondary and onto tertiary studies and/or the world of work.

My thanks to the very many staff members who volunteered their time to support these interview this week; and to the Year 10 pastoral teachers for supporting the students so ably within the Pastoral program.

It will take many more weeks to build the 2017 timetable, and inform students of their priorities and successful choices in subject selection for Year 11 next year.

Senior Exam Block
As the Senior Exam Blocks are around the corner and with the Year 11 subject selections in mind it is perhaps timely to remind students and parents of the necessary policy and expectations around completing assessment tasks for reporting purposes and for certification of completion in Semester courses.

All set tasks must be completed by the due date. It is QCAA policy which stipulates teachers are required to collect any available material to grade towards the assessment task and use this as indicative; even if it is not the completed assignment task, for example.

Students cannot receive Semester credit if there is insufficient coverage of the course or insufficient assessment material to be graded. Therefore, all assignment tasks must be submitted and all exams and tests must be completed.

In Senior school, exam block privileges can and will be revoked if there remains outstanding assessment tasks. Special consideration and requests for extensions can of course be made through the due process. Students and parents should consult the Student Planner and/or the senior assessment policy on the College website to review these processes.

Peter Shaw
Assistant Principal Senior Curriculum

ASSISTANT PRINCIPAL SENIOR CURRICULUM

Subject Selection for 2017
As we near the end of the term, Timetable preparation begins for 2017. On Monday evening all Year Seven and Eight students with their parents will be provided with information so that they can make an informed decision about subjects available for 2017. It is a compulsory meeting and all students must where school uniform. Please notify the College if you are unable to attend. The meeting will be at the Doyle Centre.

Year 7 students: 5:45 pm – 6:30 pm
Year 8 students: 7:00 pm – 7:45 pm

Co-curricular Activities
Congratulations to so many of our Junior Secondary students who have been involved with various co-curricular activities. The College provides so many opportunities for students to excel and to follow their passion. The list is long. Dance and Music Eisteddfods, Concert Bands, Vocal Ensembles, Rock Bands, University of Queensland Robotic Competition, Gold Coast Schools Chess Competition, Canterbury Mathematics Competition, Griffith University Trivia Night and Write a Book in a Day. All students are encouraged to consider their involvement with the 2017 School Musical, more information is in the newsletter.

Science Night
This year’s Science Night projects by our Year Eight and Nine students were of a very high standard. The winning projects in each category were entered into Gold Coast Schools Competition and the results published in next week’s newsletter.

Thanks to parents for your support in all these areas and and looking forward to seeing many of you on Monday night.

Have a good week.

Marie Hansen
Assistant Principal Junior Curriculum

Marymount Day 2016

On Friday 2 September we will join together with Marymount Primary to celebrate Marymount Day in a liturgy in the Doyle Centre, this will be followed by recess and Year Level Group Cake. Students will then break into House groups for a range of fun activities, before enjoying a BBQ lunch. In the afternoon there will be a concert and talent quest.

This is a free dress day and students are required to wear neat casual dress, with enclosed footwear, preferably joggers. T-shirts and their slogans are to be appropriate. The day involves house games, thus it is important for students to take this into consideration when dressing. Sunscreen and hats are encouraged.

Parents are very welcome to join us for the liturgy which will begin at 9:15am.

Marymount Day Collection

As in previous years, we are collecting non perishable food items to donate to the needy.

Each year level has been requested to provide specific items. Please could you pick up something extra in your shopping this weekend and send in with your child next week.

Year 7: Canned Baked Beans, Condensed Milk, Cans of Fruit or Vegetables.
Year 8: Pasta, Pasta Sauce, Noodles, Rice.
Year 9: Weetbix, Cereals, Porridge, Muesli
Year 10: Sugar, Milo, Coffee and Tea, Longlife Milk
Year 11: Muesli Bars, Biscuits, Crackers, Crispbread
Year 12: Men’s and Women’s Toiletries, Tissues, Toilet Paper

$5 Donation for St Vincent de Paul Centre

In addition to our food drive, all students in the College and Primary have been asked to donate $5 towards the St Vincent de Paul Centre which is being built as part of our Mary, Mother of Mercy Church. Marymount has a long tradition of supporting St Vincent de Paul in the wonderful work that they do and this is a significant way in which we can contribute. Pastoral teachers are collecting money during PC each day.

St Vincent de Paul Winter Appeal

One more weekend to clean out the cupboards and bring blankets and coats you no longer wear. Our Appeal closes next week. Bring your items to SAO and put them in the orange bin. Your donations support those in need through St Vincent de Paul. Thank you!

VENERE to the Youth Group

Venere Youth Group meets tonight from 6:30pm - 8:30pm in the Drama room. Students from all year levels are welcome to come and enjoy games and dinner. It is a great way to get to know more kids in school.

Dolores Maitland
APRE

ST FRANCIS
PEACE PRAYER

Lord, make me an instrument of Your peace.
Where there is hatred, let me sow love; where there is injury, pardon;
where there is doubt, faith;
where there is despair, hope;
where there is darkness, light;
where there is sadness, joy.
O, Divine Master, grant that I may not so much seek to be consoled as to console; to be understood as to understand; to be loved as to love; For it is in giving that we receive; it is in pardoning that we are pardoned; it is in dying that we are born again to eternal life.

During our Marymount Day Liturgy we will be contemplating the Joyful Mysteries: The Annunciation, The Visitation, The Nativity, and The Presentation
All three drama festival performances (Junior, Intermediate and Senior) will be showcased on Thursday 25 August at 6:30pm at Marymount College.

2016 DRAMA FESTIVAL

The drama festival is an exciting way for College students to be more involved in what Marymount has to offer through its extra curricular activities.

The festival is split into three age groups. These include, Juniors (Year 7 and 8), Intermediates (Year 9 and 10) and Seniors (Year 11 and 12). It is run as a competition, and requires high schools throughout the Gold Coast region to put together a 35-40 minute performance on their take of a playwright of their choice. A drama teacher from the school becomes the director and works together with the students to produce the final product.

I am a part of the senior cast for our school and have worked hand in hand with nine of my other peers and our director (Miss Teagan Griffey) to put together what I believe is an eccentric, yet beautiful performance of The Harbinger. The Harbinger tells a story of a cranky old bookshop owner named Albert. Albert has seen a lot in his lifetime, he has experienced the depths of love and the sorrow of heartbreak. He is forced to reflect back on his past when a mute orphanage girl pays him an unexpected visit. Albert who was once very stubborn begins to open up to the little girl over time as he tells the girl stories about his past life with Adelaide, who was once the love of his life.

Rehearsals began early July with drama students keen and eager to come together and start rehearsing. These continued over the month with rehearsals every Wednesday afternoon, Friday afternoon and day rehearsals later in the month on Saturdays or Sundays. At times rehearsals became challenging with coming into school on weekends and staying back after school, however it was well worth it when, as students were able to see the story unfold right before our eyes.

With the directory vision of Miss Griffey and the help of Miss Stafford (student teacher), the story telling of The Harbinger became more vivid and really allowed the burgeoning talent of some of our brightest drama students to take place.

All three drama festival performances (Junior, Intermediate and Senior) will be showcased on Thursday 25 August at 6:30pm at Marymount College. We would love to see lots of familiar faces in the crowd from the Marymount College Community.

DRAMA EXCURSION

Straight White Men!

When identity matters, and privilege is problematic, what is the real value of being a straight, white man? On Tuesday night, the always very eager and excited senior drama students made their way to Brisbane’s La Boîte Roundhouse Theatre, to witness the wonderful works of Young Jean Lee.

Young Jean Lee’s purpose behind the play was to make the audience interpret that even though society talks so much about how into social justice we are, and how much we care about it, what we really value is not being a failure.

It is so important to be educated about what is going on around us and what better way to do so, than to take us to a play. The night was full of laughter, Mrs Howe’s tears, aesthetics rocks and of course, what is a drama excursion without belting songs throughout the entirety of the bus ride back.

10/10 night! As always the dramatic arts never seem to fail.

10/10 night! As always the dramatic arts never seem to fail.

Tedious.

Tedious.
We thank Queensland Ballet for this wonderful opportunity to experience first hand the workings of a professional dance company.

QLD BALLET WORKSHOP

Recently, Marymount College dance students were fortunate enough to attend an afternoon of workshops with the Queensland Ballet Company, at the Thomas Dixon Centre in Brisbane.

The workshops were an interesting blend of traditional ballet and modern contemporary, presented with the flawless technique we have come to expect from the talented dancers of the Queensland Ballet. In addition to the workshops, we were given the opportunity to go behind the scenes and get an insider’s view of the creative process behind the development and production of the aesthetic elements that are featured in each show.

We thank Queensland Ballet for this wonderful opportunity to experience first hand the workings of a professional dance company.

COLLEGE MUSICAL

Marymount College is proud to announce that our 2017 musical is the high school version of Rock of Ages. This is a giant coup for Marymount as we will be one of the first schools in Australia who have been granted the rights to perform the musical.

The musical is held at the Arts Centre Gold Coast and the dates for next year’s musical is the 4 and 5 May. We have four days at the Arts Centre and it is a very exciting time.

The days for our students to audition are as follows:
Year 9 – 11 students: Tuesday 23 August 3:00pm - 5:30pm
Year 7 – 8 students: Tuesday 30 August 3:00pm - 5:00pm

Students who will be in year 7 in 2017 will be able to audition Week 1 of Term 1 next year.
If you have any concerns regarding audition times please email me on mhowe@marymount.qld.edu.au

CHOIR PRACTICE

Every Thursday morning at 7:30am the College choir comes together to rehearse and learn new songs to sing

The choir is always excited to welcome new members to the team, so if you have a love for music and performing, then make sure you come along to our Thursday rehearsals, or speak to Miss Young, or Mr Faughey to join.

MARYMOUNT COLLEGE CHOIR

The Marymount College Choir is a large group of students from Years 7-12, who all share a wonderful passion for music and bringing their voices together.

Every Thursday morning at 7:30am the College choir comes together to rehearse and learn new songs to sing at Eisteddfods, College Concerts and College Mass’s. Although you only get to see them perform during our school’s liturgies, they are constantly working very hard every week to practice and perfect the songs that they sing for the school.

In the past month, the choir has participated in an annual eisteddfod, as well as sending a few Year 10 students to perform at the Brisbane Cathedral, joined by other students from around Queensland, to form one choir and assist the Mass with song. Year 10 student and participant in the mass Tyler Macpherson says:

“The day was filled with so much fun. We got to meet and sing with new people, before enjoying a wonderful morning tea with the other participating choirs.”

The whole choir was able to contend in the Queensland Catholic Schools and Colleges Music Festival, where they performed and competed against other choirs from catholic schools in Queensland. The ensemble performed three songs and was awarded with the Silver Award at the end of the night. Well Done Marymount Vocal Ensemble!

The choir is always excited to welcome new members to the team, so if you have a love for music and performing, then make sure you come along to our Thursday rehearsals, or speak to Miss Young, or Mr Faughey to join.

Barbara comes from Genoa, Italy, where she completed her formal art training.

BARBARA ZARLETTI DRAWING WORKSHOP WITH YEAR 9

Our Year 10 Art students had the opportunity to do a workshop with the very gifted artist Barbara Zarletti who was also one of our feature artists at our recent Art Show.

Barbara comes from Genoa, Italy, where she completed her formal art training and had her own studio and our students had the good fortune to be able to work with and learn from her. The workshop was very successful so we have invited Barbara back to work with more of our art students over the next few weeks.

The students were required to build a robot and program it to dance/move to 1 – 2 minutes of music.

INFORMATION TECHNOLOGY NEWS

This term Year 9ICT students have been learning about programming and Robotics. The students have learnt how to build and program a robot. As part of their assessment students worked in a group and programmed their robot to dance in time to 90 seconds of music. All students had the opportunity to enter their creations into the Robocup State Championships.

Big congratulations to Kylie Mathers and the students who competed in the Qld State Championships for Robotics last Sunday.

Marymount entered four teams into the competition and one team made it through to the Finals and finished 4th - 0.5 percent behind 3rd place.

The students were required to build a robot and program it to dance/move to 1 – 2 minutes of music. They were scored on their originality of design, movements, interview with judges and the log book they submitted.

All of our students performed well under pressure with hundreds of people watching them. They interviewed well and were able to answer the judges questions thoroughly. The teachers were very proud of the students, they started the day nervous and shy about their performances but by the finals they were dancing in time with their robots!

Katrina Nicholson
Head of ICT

#codingRobotics

The students involved were:

Team Green Beetroots: Rory Blair, Zane Jones, Evan Madden and Dominic Pennisi – Finalists 4th Place

Team MIA: Amaya Nyon and Kasey Hatton

Team Serpents: Grace Koehne and Keira Hundy

Team Steampunk: Jett Taylor, Julian Falsetto, Zanda Garrett

BuSineSS

I gained a much better understanding of the roles in the business industry and how a business need to work to achieve great results in the financial market.

ECOMAN

Over the course of three days, the Year 11 Business Management class participated in the Ecoman course, a stimulation program that allows students to get an insight into the running of large businesses.

Students were split into four groups, with specific jobs, including Directors of Finance, Marketing, Production, Human Resources and Management. Groups were given a failing coffee machine manufacturing company in which they had to turn around the business in order to increase the income and become a succeeding business.

Students were given the opportunity over the three day period to work in their groups, where they were challenged with yearly economic scenarios and encouraged to take big risks in order to achieve the most income compared to the other groups.

Overall, the Ecoman program was a great and fun experience in which Lahni Biggins said “I had a great time and had to work out of my comfort zone which was a new experience for me. This program was so much fun and I enjoyed every bit of it!”

We would like to thank Ms Organ, Ms Mathers and the Ecoman presenters for the time they put into organising this great experience for us and would encourage all future business students to look forward to the opportunity.

Erin Wilson
Year 11 Participant

Ecoman is a business stimulation-training program that runs over three days aiming to demonstrate commercial realities of how a business operates.

Over the course of the three days the class were broken up into teams that formed four companies who were given a businesses financial situation that was in desperate need for improvement. Each member of the company was given a directing role in attempt to revive the business to make it profitable within four years of trading. Over the three days each director of every company made decisions that impacted economic condition of the business.

Throughout the program I had the pleasure of being CEO for my company called ‘Quick Coffee’, it was a great experience that widened my knowledge of the responsibilities of a CEO director.

After we made decisions for the four years of trading over the three days, my team and I presented our results to our shareholders to show the improvement that we achieved for our business.

The three days were certainly challenging but by the end the hard work paid off and it was definitely a worthwhile experience, as I gained a much better understanding of the roles in the business industry and how a business need to work to achieve great results in the financial market.

Lahni Biggins
Year 11 Reporter
CHESS COMPETITION

On Friday 12 August, a selection of Marymount students participated in the AGCC Interschool Chess Competition at Aquinas College. A Junior Team (Years 7-10) and a Senior Team (Years 11-12) were entered into the competition.

The students enjoyed a full day of competition against other schools including, Assisi College, St Michaels College, Aquinas College, Hillcrest and St Andrews.

Marymount had an extremely successful day coming out victorious in all categories. The Junior and Senior Teams both won their categories. Harrie VandenBroek won the Individual Junior Competition and Nathan Janes won the Individual Senior Competition.

Students will be presented with their certificates at the AGCC Presentation Night. A special thanks to Mr Shaun Curtis from Gardiner Chess who coaches our students every Monday afternoon. His great efforts have certainly paid off! I would also like to thank Aquinas College and Ms Alexander for hosting such a wonderful tournament. Well done Marymount!
