Each year on Marymount Day we celebrate the founding of Marymount College (Photo 1968)

QCS Test Tuesday 30 - Wednesday 31 August
We wish our seniors well as they go into the Queensland Core Skills Test (QCST) on Tuesday and Wednesday. They have made good preparation which has added to their confidence and reduced their concerns. Consequently, they can expect to achieve to the best of their ability.
That is what is required of each senior when they sit the QCST. The test seeks to establish the mastery of the Core Skills attained by students across Queensland. Subsequently, the seniors’ subject achievement indicator in each subject is re-scaled using their school subject group’s QCST mean and mean difference to arrive at the students’ OP scores. That is why the students have prepared for the test through regular Thursday lessons, QCS intensive days, practice test and feedback sessions.

Marymount Day Celebrations Friday 2 September
Each year we celebrate the founding of Marymount College on the Friday before Term 3 exams begin. That’s because this day is close to September 8, the day the Church celebrates Mary’s birthday. We begin the day with a Marymount Combined Schools Liturgy and conclude with a College Talent Quest in the Doyle Centre. Parents are most welcome at the Liturgy which begins at 9:15am.

St Vincent de Paul Donations
Each year our students make contributions to their class hamper in the lead up to Marymount Day. The hampers are given to the St Vincent de Paul Society as part of the Liturgy. This year the students are also donating $5 to St Vincent de Paul for the fit out and finish of the St Vincent de Paul storage and Distribution Centre. This Centre is part of the almost finished Parish buildings adjacent to the Mother of Mercy Church. College students have been making donations to St Vincent de Paul as part of Marymount Day for almost forty years. Their extra generosity this year will be very much appreciated.

Year 8 & 9 2017 Subject Selection

The information evening about subject selection for 2017 was well attended by Year 7 and 8 students and parents. By now all students who were unable to attend will have collected the information booklets from the Year Level Coordinators. Usernames, Pin and link to SSO have been sent to the student’s email account. Once the selections have been entered online, please return the signed selection form to SAO.

All online selections must be complete by Tuesday 30 August and forms returned to SAO no later than Wednesday 31 August.

DO NOT HESITATE TO CONTACT THE COLLEGE IF YOU HAVE ANY QUESTIONS ABOUT THE PROCESS OR HAVING DIFFICULTIES ADDING THE SELECTIONS TO SSO.

We will let you know early next term the subjects that have been allocated and following this there will be a small window of opportunity to make further changes to the selections.

Enjoy the Gold Coast Show holiday

Marie Hansen
Assistant Principal Junior Curriculum

ASSISTANT PRINCIPAL SENIOR CURRICULUM

Year 12 Exam Schedule

The Year 12 Exam block schedule will be published electronically this coming Monday 29 August; with the Exam block commencing on Monday 5 September.

Students may have exam block privileges withdrawn if there is outstanding assessment or other issues of concern. All assessment tasks must always be completed.

QCS Test Tuesday 30 & Wednesday 31 August

We believe all is in readiness for the QCS testing days coming up next Tuesday and Wednesday. Students have been very well prepared and they appear to be full of confidence and looking forward to the challenge. Our teachers have worked particularly hard to ensure this preparation has gone according to plan.

Verification

At the end of the Term many student folios will be sent off for audit and review through the Verification process. Panels of subject teachers form across the State to review the completed folios of work to date. We have many of our own staff on these Panels. This always occurs on the Monday of Week 3 in Term IV; which is why this is a pupil-free day.

Year 11 Exam Schedule

Year 11 exam will be published a week ahead of their commencing date of Tuesday 13 September.

2017 Timetable

We will continue to develop the 2017 timetable now that we have Year 11 2017 subject choices in. We are also collating the subject choices for the other year levels. All this data needs to be combined, so as to begin developing Lines of core and elective classes across the grades. This is a significant task and takes several weeks.

Peter Shaw
Assistant Principal Senior Curriculum

Year 11 SOR students visited Chung Tian Temple at Priestdale in Brisbane and Temple Shalom at Surfers Paradise last Friday as part of their current unit on Ritual. Venerable Maiou (Chung Tian) and Jan Marriott (Temple Shalom) welcomed us warmly.

At Chung Tian the beautiful bushland setting, exotic architecture and glorious colour captivated them immediately. After welcoming us all very warmly, the Venerable Maiou, spoke to the students about Mahayana Buddhism, its beliefs and practices and some of the history of the temple. Three guides accompanied the students throughout the visit explaining the use and purposes of various areas, the rituals which take place there and the meaning of colours, symbols and gestures around them. The students were able to present their offerings in ritual style in the Temple and most of them experienced the art of calligraphy, a means by which mindfulness can be practiced due to the great care required in its execution.

At Temple Shalom, Jan Marriot spoke in great detail about Judaism, particularly the rituals and festivals which punctuate the Jewish life throughout the year. She also explained the various elements within the temple such as the Ark and the Torah scrolls and the meaning of symbols and colours present in the space.

One very interesting object was a coin which was minted by Herod Agrippa in 70 CE, the year of the destruction of the Temple in Jerusalem and which was followed by the diaspora.

The students had a very intense, enjoyable and exciting day of learning from primary sources! As ever our students’ behavior was exemplary and several compliments were received to that effect.

Year 8 Reflection Day

Year 8 Reflection Day on Tuesday was also a great success. Students’ behavior and participation were complimented by Michael Fitzpatrick who facilitated the day.

Thank you to the SOR and Year 8 teachers for all your work on these days.

Marymount Day

Only one more week until Marymount Day, Friday 2 September. Our day’s celebration marks the foundation of the College and is a celebration of everything we are here at Marymount under the patronage of Mary the Mother of Jesus.

Marymount Primary School children will join us for the combined schools’ liturgy which begins at 9:15am. Parents are most welcome to attend.

The donated food items will be presented to representatives of St Vincent de Paul. This year we will also present the students’ donation to the fund for Mother of Mercy Church furnishings, specifically the St Vincent de Paul accommodation. All are asked to bring $5.00 for this reason.

This is also a free dress day. Please note the message re appropriate standards for free dress in this Newsletter.

Dolores Maitland

APRE

Lord, make me an instrument of Your peace.
Where there is hatred, let me sow love; where there is injury, pardon;
where there is doubt, faith;
where there is despair, hope;
where there is darkness, light;
where there is sadness, joy.
O, Divine Master, grant that I may not so much seek to be consoled as to console; to be understood as to understand; to be loved as to love; For it is in giving that we receive; it is in pardoning that we are pardoned; it is in dying that we are born again to eternal life.
Australia is renowned as a multicultural nation, where many different cultures and religions are embraced and their sacred practices respected. The Year 11 Study Of Religion students of Marymount College received an opportunity to acknowledge and assimilate with this element of the community. Through a visit to Chung Tian Buddhist Temple and Jewish Synagogue Temple Shalom, students were able to enhance their knowledge on the essence of sacred rituals in religion.

This trip was in correspondence with the current SOR assessment, which investigates the role of ritual in Buddhism and Judaism. Through this experience, a great deal of valuable insight was gained.

The serene environment of Chung Tian Temple, the perceptive knowledge passed to us from the Jewish Synagogue and the fruitful information that we received first-hand has provided us with a benefit beyond the academic task.

On behalf of the Year 11 SOR students I would like to thank Venerable Miao of Chung Tian Temple, Jan Marriot of Temple Shalom, the teachers of SOR and all other staff that were involved in this experience as it has helped us greatly in our insight into sacred rituals of religions.

SOCIAL JUSTICE: ROSIES FRIENDS ON THE STREET

Last Wednesday, Darcy Reynolds, Miss Griffey and I, participated in Rosie’s and had the opportunity to spend some time with some homeless people. They were so full of wisdom. We served them hot food and drinks, toiletries and gave them company. It opened my eyes to a whole new layer of the world that most of us don’t notice, or push out of sight.

We also got the chance to meet some other volunteers who are incredibly upbeat and so caring. They give up their time up to once a week to help these people and continually treat them with dignity.

It was an incredible experience and I sincerely hope I have the chance to participate in Rosie’s again some day.

Brigid McElroy
Year 12 student
JAPANESE VISITORS FROM YUHIGAOKA GAUKEN

It was a busy two weeks for the staff and students of both Marymount College and Yuhigaoka Gauken, as our annual Japanese visitors found themselves on the Gold Coast once again. Learning a foreign language is always a fun yet challenging experience, and it was great time to put it into practice throughout the fortnight.

As a first timer for hosting students, our family tried our best to deliver a memorable experience for our host sister. Through visits to the beach, Byron Bay and shopping centers as well as introducing her to surfing and stand-up paddling, we hope that we provided an amusing and enjoyable experience. Yet it was not only Aussie culture that was being taught: we also learnt Japanese tradition through activities such as origami, playing with popular Japanese toys and exchanging languages. This was the ultimate opportunity for both countries to learn from each other as well as a fantastic opportunity for the students who will be visiting Japan in September, as we have been able to familiarise ourselves with both the language and the people, as we will be reunited with them in Japan.

On behalf of the students of Marymount who got involved in the fun I would like to thank the students and staff of Yuhigaoka Gauken, the staff of Marymount, host families and all others who were involved in bringing this great experience to the members of Yuhigaoka Gauken and Marymount College alike.

YEAR SIX COOKING DAY

Recently, Year 6 students from Marymount Primary came to the College to experience a practical cooking lesson in our kitchens.

This program has been set up to inform younger students of safe food production and the health and safety needed in a kitchen environment.

The program gives the younger students a small insight into high school life and the opportunities that are available to them.

Thank you Mr Allsopp (Marymount Primary) and Mr Grant (Marymount College) for the connection between the Primary and College and for making this program happen. There are definitely some budding chefs in the cohort!

Sammi Maunder
Year 12 Student
PROCEDURE FOR EARLY DEPARTURE

1. Bring a note signed by your parent/guardian
2. Have your note signed by PC teacher AND Year Coordinator
3. Present note to class teacher at the time you need to be released from class
4. Come to SAO, give note to SAO staff
5. Sign out on computer using your ID card

Please Note: We cannot let students go home with someone who is NOT their parent or guardian UNLESS there is a note from parent giving permission for this.

BANGARRA DANCE EXCURSION

In addition to an excellent dance program at Marymount College, students are also often given the opportunity to attend live performances from some of the Australian dance industry’s leading companies, including internationally renowned, Indigenous dance company, Bangarra.

We have been fortunate enough to attend several Bangarra performances over the years and are always impressed by both their excellent technique and their mastery in storytelling through a unique blend of modern contemporary and traditional dance. Bangarra’s latest production OUR Land People Stories was no exception.

OUR Land People Stories is a stunning triple bill act that once again explores the rich but often tragic history of Australia’s Indigenous people.

Macq is a confronting portrayal of the Macquarie March of 1816 that resulted in the near eradication of Sydney’s entire Indigenous community. In contrast Miyagan tells the story of the personal journey of two of the Bangarra dancers, as they explore their cultural heritage. The final piece Nyapanyapa commemorates the life story of North-East Arnhem Land visual artist Nyapanyapa Yunupingu.

As we have come to expect, the performances were powerful and intense, the storylines confronting but moving, holding audiences enthralled to the end. I feel sure that no student would have been left unmoved by these stunning dance works. Thank you to Ms Press for organising this excursion and to the College for this wonderful opportunity.

Thomas Weatherall
Year 11 Insider
In the Arduino course we learn about how to program a breadboard.

YEAR 9 ICT EXCURSION TO QLD UNIVERSITY OF TECHNOLOGY

On Monday 22 August our Year 9 ICT class went to Brisbane for an Arduino excursion to QUT. It took us a lot longer than it would of normally to get there because the filming of Thor was going on a couple streets over from QUT and just general Brisbane traffic was making it a slow going process.

Once we finally arrived we walked though the university and it was amazing! It looked so cool and had so much things in it like a pool, lots of restaurant and shops even a pharmacy!

As we walked into the building were we where going to do the Arduino course the university was having a special guest lecture from Boeing.

In the Arduino course we learn about how to program a breadboard (a type of circuit board). We programmed a led light to blink when it was connected to the breadboard. Then we where given a template to program a little robot car that would use sensors to follow a line on a track. It was a little difficult because we had to type up the code instead of using blocks but once we got it working it was really cool to see it work and how you made it do that.

I learned a lot form the excursion and I hope I can remember what to do when we start doing it in our lessons in ICT back at school!

The Library provides a welcoming, comfortable environment for students to study, research or read. Students are allowed to check out up to 4 books at a time.

If you need something to do while you wait before school, after school activities or for your ride - stop by the library and get a book.

**Graphic Novels!**

Are you a fan of Graphic Novels or looking for something different to read? Try these graphic novels or check out our collection!

- *Twilight* by Stephenie Meyer; Adapted by Young Kim
- *Drama* by Raina Telgemeier
- *Percy Jackson and the Titan’s Curse* by Rick Riordan; Adapted by Robert Venditti
- *Alex Rider: Stormbreaker* by Anthony Horowitz

**About Graphic Novels**

“Graphic novel” is a word that describes a medium, not a genre: graphic novels can be as simple or complex as any other literature. Graphic novels are suitable for all ages; they are popular with younger readers, appealing to reluctant and struggling readers as well as those who are more advanced.

Reading graphic novels presents an approach to reading that embraces the multimedia nature of today’s culture. They not only combine words and images, but require the reader to interpret the narrative flow by linking the actions in the panels together, and can provide a bridge between low and high levels of reading or help in advancing students’ literacy.

**Book Recommendation**

*Swede Dreams* by Eva Apelqvist

I have always been fond of reading S.A.S.S. Books, due to the simple fact that they combine culture/history and a little bit of romance in just the right amount of degree. All of the books in this series are fun, good reads, but this one drew me in more than some of the others. I highly recommend it!

Recommended by Catherine McCosker

YEAR 12 UPDATE

Queensland Core Skills Test (QCS)
The months of preparations are about to be put into practice! The QCS tests are next week on Tuesday August 30 and Wednesday August 31. Tuesday will see the students sit the Writing Task in the morning and the first Multiple Choice test in the afternoon; on Wednesday the tasks will be the Short Response test followed by the second Multiple Choice test.

On both mornings, a BBQ breakfast will be provided for the students from 7:30am. Following this, students are required assemble in the Year 12 area at 8.15am. The full school uniform must to be worn.

Thursday 1 September – Normal Day
We remind students and parents that Thursday is a normal school day and attendance is mandatory. It is an appropriate time to assist in the preparation for Marymount Day.

Friday 2 September – Marymount Day
As this will be your last Marymount Day, we encourage students to turn up early on Friday and be part of the whole day’s activities. Make it the best ever!

Thursday 17 November - Graduation Dinner
Knowing that some families like to plan ahead, we give notice of this event.

Further information will of course be coming your way shortly.

We congratulate all Year 12s for their commitment throughout the QCS preparation program. We wish the Class of 2016 the best of luck as they work through the challenges ahead.

Non-QCS students are not required to attend on either of the QCS test days.

Students who have not brought their equipment, must do so on the day.

The list of required items are listed below.

Leaving Without Permission and Parking
Leaving school at any time of the day without permission or any notification is irresponsible. We ask that parents work with us to encourage students to do the right thing.

We remind students to please park their cars in the designated area, adjacent to the oval. Parking in the 10 Min lane is not an option.

For any matters relating to Year 12, please do not hesitate to contact us.

Matt Carroll and Irene Scott
Heads of Year 12

TAFE QUEENSLAND GOLD COAST – DIRECT ENTRY APPLICATION 2017

Year 12 English Communications students were visited this week by the TAFE Qld Gold Coast Schools Liaison Coordinator Ms Bridget Fenson who provided an outline on the benefits of the Direct Entry program.

Marymount has enjoyed extremely high success rates in terms of early placements opportunities and scholarship offers over many years now. The program provides students secure placement prior to the release of OP/Ranks, into Diploma level courses based not only on their academics, but also their involvement in VET (Vocational Education and Training) whilst at school, sporting achievement, and leadership qualities.

Also, the majority of university courses require students to have achieved a sound level of achievement in board English. In the case of Year 12 English Communications students, completing a Diploma qualification (approximately 12 months) provides that English prerequisite required for further studies, and subsequently many TAFE courses articulate directly into Degrees offered by many of the Universities.

Applications are now open and can be completed online at www.studentrego.com (CODE – TAFE6) until Friday 9 September. Further details and assistance with the application process is available from the Marymount Careers Centre.

AIR GOLD COAST FLIGHT SCHOOL OPEN DAY

Air Gold Coast is one of Australia’s leading Flight Training providers located at the Gold Coast International Airport. Their free annual Open Day is being held on Saturday 10 September between 10am-2pm and is relevant to students interested in becoming a professional pilot or those just interested in flying for recreational purposes. For further details, visit www.airgoldcoast.com.au.

TAFE QUEENSLAND GOLD COAST – COOMERA OPEN DAY

Experience a career in Creative Industries, Business and IT on Saturday 15 October from 9.30am-2.30pm at 198 Foxwell Road, Coomera. On the program for that day will be live music, interactive gaming stations, green screen and broadcast demonstrations, design exhibits, bachelor program pathways and information, campus tours, career and course advice and more. For further information: tafegoldcoast.edu.au

Oceanic District Track and Field Championships

Last Thursday and Friday around 120 of our finest athletes competed at the Oceanic District Track and Field Championships at the Gold Coast International Athletics Centre, Griffith University. All students did their very best placing second overall in the Percentage Trophy and third overall for the Individual School Championship Trophy.

Five of our students were awarded trophies for the Best Track and Field Performances of the carnival. These included:

- Ellie Beer: Best 13 Years Girls Track Performance – 400m
- Best 13 Years Girls Field Performance – Long Jump
- Xavier Coates: Best 15 Years Boys Field Performance – Long Jump
- Ella Cummings: Best 16 Years Girls Track Performance – 100m Hurdles
- Georgia Freese: Best Open Girls Field Performance – Discus
- Liam Weatherley: Winner of the 100m Sprint Classic

Congratulations to these students for their wonderful efforts!

Students who finished in the top four places in their events have qualified to compete at the South Coast Region Track and Field Championships at the Gold Coast International Athletics Centre, Griffith University on 6 & 7 September. 35 Marymount students have qualified. We wish them all the very best.

A big thank you to the Marymount staff – Mrs Nicky Browne, Mrs Yvonne Crowley, Mrs Cathy Cooper, Ms Melanie Carroll, Mr Harry Klouzal, Mr Geoff Browne, Mr Brendan Crowley, Mr Kris Symons and Mr Nick Leonard for helping out as team managers and officials on the long jump and shot put events over the two days of the carnival.

Term 4 Recreational Sport

Every Thursday afternoon in Term 4 students in Years 7 – 11 will participate in Recreational Sport. Next week students will be given the opportunity to select the sport they would like to take part in on the college intranet. A letter explaining the sports on offer, costs and requirements will be sent home to parents at the start of the week.

Best of luck to all of our AGCC Interschool Sport teams in next week’s Semi Finals, and in the following week’s Grand Finals.
